No. 21A] NEW DELHI, SATURDAY, FEBRUARY 19, 1955

MINISTRY OF COMMERCE AND INDUSTRY

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 19th February 1955

SUBJECT:—*Import of metal frames and fittings for leather goods.*

No. 9-ITC (PN)/55.—Attention is invited to remark (i) against S. No. 275(a)/IV in the Red Book according to which licences for metal frames and fittings are to be granted only to Actual Users for the manufacture of leather goods. It has, however, been represented that small scale units of manufacturers of leather goods, plastic and cotton belts find it difficult to import metal frames and fittings. In order to meet the requirements of such small scale units through the local market, it has been decided to allow import of metal frames and fittings for leather goods, falling under Serial No. 275(a)/IV of the Import Trade Control Schedule by established importers. Accordingly the quota licences for Serial No. 275(a)/IV issued during the January-June 1955 period will be valid for import of these goods upto 5 per cent. of the face value of such licences.

S. N. BILGRAMI,

Chief Controller of Import & Exports.
